Date Wed 5/7/2025 6:55 PM

To qicheng_zhu@berkeley.edu <qicheng_zhu@berkeley.edu>

**Community Advisory:**

It's the first Wednesday of the month. At noon, the UC Berkeley Outdoor Early Warning System will be tested. Please do not be alarmed. This is only a test. The test is part of the campus emergency preparedness program, and it will last less than a minute. The audible message on the siren system states, "This is a test of the UC Berkeley Outdoor Early Warning System. This is only a test. This is a test of the UC Berkeley Outdoor Early Warning System. This is only a test. [10-second outdoor audible siren] That was a test of the UC Berkeley Outdoor Warning System. The test is now complete. Thank you." Whenever the UC Berkeley Outdoor Early Warning System sounds, you should receive an email as well. If you would like to receive these messages in an alternative format, please contact warnme@berkeley.edu.

Thank you,

Jason Ferguson (he/him)

Director of Emergency Management
